PARIS ASSURED OF ELECTRIC CURRENT.

There will be no danger of a shortage of electric current for lighting and power purposes in Paris, according to a statement made yesterday to THE NEWS by representatives of the Paris Gas & Electric Company. Even with the present threatening conditions the Paris plant has enough coal on hand to keep the machinery going for five weeks, during which time or sooner it is probable the situation will be relieved.

A copy of the following telegram, the original of which had been sent to Mayor James C. Rogers, of Lexington, by Mr. H. A. Garfield, head of the Government Fuel Control Board at Washington, has been received at the local office.

"Suppliers of Lexington Utilities Company and Kentucky Traction and Terminal Company have been directed to arrange delivery sufficient coal to keep these plants in operation. Understand shortage due to strike in certain Tennessee and Kentucky mines, which will receive immediate attention and action."

This Government action has saved this section from a coal famine, which caused fear that the Lexington Utilities Company, furnishing electrical power to the greater part of Central Kentucky, would be forced to stop operations, leaving the whole community without lights, telephones, interurban communication or electric power. Quick steps by the Government are now promised, and the action, it is believed, will mean the complete solution of the coal problem in Eastern Kentucky mines, which has caused the state of anxiety for more than a week.

Locally the situation remains the same. There is little or no coal coming in, and while there is no great demand for it, the people are anxious to know what the prospects will be for the future. It is a source of great satisfaction to know that there will be no curtailment of electrical current in this city.

FALL STYLES NOW ON DISPLAY.

Commencing to-day our Fall styles of select millinery will be on display and ready of inspection of the ladies of Paris and Bourbon county. We will have no opening, but every day from now on during the season we will have everything that will appeal to the smart dresser in Fall and Winter millinery.

SEND LITERATURE TO THE ARMY AND NAVY.

An appeal for old magazines, papers and any kind of good reading matter, not too old, though, has been made to the people of Paris by a representative of the navy, Mr. Harold Harris, son of Mrs. Ernest Harris, of this city.

Announcement was made to that effect from the pulpits of the Paris churches yesterday. Anyone who has a lot of magazines of recent date, papers and other forms of reading matter for which they have no further use, are asked to pack them for shipment and they will be sent to the navy by addressing them to Mr. Harris as follows:

Harold F. Harris,
Hospital Steward,
U. S. S. Panther,
Care Postmaster,
New York City, New York."

This is a worthy cause, and one which should have the co-operation of every citizen of the city and county. A large number of magazines and other reading matter are thrown away by the readers after they are through with them. These could be of further use by sending them as indicated above to the address given. The boys in the army, the navy and the hospitals of the various ships can get a great deal of entertainment out of them.

Save your magazines and papers and send them to Mr. Harris.

SCENE OF RACING SHIFTS TO LOUISVILLE.

This week opens the fall racing season at Douglas Park, starting Wednesday, with the running of the Inaugural Handicap, \$2,000 added, as the feature of the opening day. More thoroughbreds are quartered at the Beechmont course now than at any other time in its history. There are also more racers there of a higher class than ever before. The season at Douglas Park will continue seven days. Three stakes will be run off, the other two being the Louisville Cup Handicap, two miles, \$2,500 added, and the Beechmont Selling Stakes, five and one-half furlongs, \$1,500 added.

Many of the stables which participated in the recent Lexington meeting arrived here last week, but there are still more to come. They will be there before the meeting opens, as all have stalls engaged.

Everything is in readiness for the opening of the Douglas Park meeting. General Manager John Hachmeister and his assistant, Frank Bruen, have been here for nearly two weeks getting things in shape.

BOURBON BOYS LEAVE FOR CAMP TAYLOR.

Fifty-six young men, representing all walks of life, left Paris, Saturday morning on a special train over the Louisville & Nashville, at 7:47, for Camp Taylor, near Louisville, where they will become a part of the great fighting machine which the State of Kentucky will prepare for service in the United States army.

The detachment had received orders to report to the Bourbon County Board of Exemption at their office in the court house Friday afternoon to receive final instructions. After they had gathered there Hn. E. M. Dickson made a short address in which he apprised them of Bourbon's record in other wars and gave them an inspiring talk along the lines of patriotism. Distinguishing badges were given them, and they were allowed to go to their homes or to remain in the city, and to report at the court house Saturday morning at 6:45 o'clock.

At that hour the men were formed in line in front of the court house, and headed by a drum corps composed of Paris boys, and Mr. Wm. Ficklen, one of the oldest residents of Paris, accompanied by standard-bearers with the United States flag, marched in double file to the L. & N. station. They were accompanied by a large delegation of Paris business men, who fell in line behind them, under the leadership of Judge E. B. January. At the depot a crowd estimated variously from one thousand to two thousand, had gathered. Farewells were spoken, the boys boarded the car, which was attached to the special train bearing other recruits from different counties in this section, and were on their way to Camp Taylor, followed by the cheers and good wishes of those left behind. Before their departure they were presented with a plentiful supply of tobacco and cigarettes by County Clerk Pearce Paton, acting jointly for the Board of Exemption and the people of Paris.

Many hearts ached when they went, tears fell, and many faces showed the strain. But with it all went a thrill of hope and pride, a glorious feeling that there were on that train, no slackers, men upon whom the great nation that bred them can rely in its hour of need—men who will fight for the preservation of American rights, for the sustenance of American honor, men who will enter the great arena clean of heart and hands, and without a taint of suspicion as to their motives.

Let us who remain behind remember to-day that the battle these boys are waging against homesickness, absence from their relatives is no less a real battle than they will be called on to fight when they reach the firing line. In every act, in every thought, in every prayer, let us be with them. Keep the home fires burning for them. Do our duty half so well as they will theirs and victory will rest upon their shining steel before the time of strife is half consumed.

BOYS' SUITS AND OVERCOATS.

ASHBROOK WILL CASE SETTLED.

In the Harrison County Court last week the Ashbrook will case was settled by an agreement between Mrs. Ashbrook's beneficiaries and the heirs of Felix G. Ashbrook. In the settlement Miss Elizabeth Browning, Mrs. Ashbrook's niece and heir, according to her will, received \$1,000 in bank stocks, and certain dividends and the use of the residence until February, amounting to \$1,500. The household goods, including a diamond brooch and certain personal property, that the Ashbrook heirs waived claim to, are to be sold and the proceeds, about \$1,100, are to be divided between Mrs. Ashbrook's sisters, Mrs. Taylor, of Millersburg, ceive by Mrs. Ashbrook's will \$1,000 and Mrs. Browning, who were to reach.

BASKETBALL SCHEDULE

The following is the official schedule of games to be played this season by the basketball team of the Paris High School:

Sept. 28, with Lexington at Lexington; Oct. 5, with Mt. Sterling at Paris; Oct. 12, with Georgetown at Paris; Oct. 19, with Cynthiana at Paris; Oct. 26, with Frankfort at Paris; Nov. 2, with Georgetown at Paris; Nov. 9, with Mt. Sterling at Paris; Nov. 16, with Frankfort at Paris; Nov. 23, with Cynthiana at Cynthiana.

LEXINGTON RACES CLOSE IN BRILLIANT FINISH.

The Lexington races closed Saturday with one of the best cards of the season, and one of the largest crowds ever seen on the grounds. The principal event of the day was the Breeders' Futurity. Kenneth Alexander's fine colt, Escoba, under the guidance of Jockey Knapp, who had been brought from the East especially for this race, dashed from sixth place down the stretch winning by a length, and setting a new record of 1:10 3-5 as a goal for two-year-olds in the future. The favorite, Papp, was outside the money.

The winners were: First race, Colie, time 1:14 3-5; second race, Darnay, time 1:01 4-5; third race, Vogue, time 1:13 4-5; fourth race, Escoba, time 1:10 3-5; fifth race, Tokay, time 2:04 2-5; sixth race, Sister Susie, time 1:14; seventh race, Olga Star, time 1:52 2-5. The talent plunged heavy on the favorite, Papp, in the Futurity.

The finest weather prevailed during the ten days of the meeting. The attendance from Bourbon county was far above the average.

STATE CONVENTION W. C. T. U. AT DAWSON SPRINGS.

The thirty-seventh annual convention of the Kentucky W. C. T. U. will be held September 28 to October 2 at Dawson Springs. Several hundred delegates from the various sections of the State will be in attendance and the convention promises to be the largest in the history of the organization.

Dawson Springs, the seat of Christian county, enjoys the reputation of being one of the most attractive little health resorts in Kentucky and has sufficient hotels and boarding houses to entertain so large a convention.

Among the noted speakers on the program are the National W. C. T. U. lecturer, Mrs. Addie Boileau Parsels, wife of the famous divine, and Dr. William Arthur Ganfield, president of Centre College, Danville. Mrs. Frances E. Beauchamp, State president of the organization, will preside during the five days' session and deliver the opening address.

KENTUCKIANS TELL FOOD ADMINISTRATION OF COAL SITUATION.

The coal situation in Central Kentucky was laid before the Food Administration Friday by Lexington men and they were informed that the Government would do everything possible. Government control and operation of the mines in Kentucky is being considered, but this step will be taken only as a last resort.

Y. M. C. A. ASKS \$35,000,000 FOR WAR WORK.

A campaign to raise \$35,000,000 by July 1, 1918, to carry out the vast war work of the Y. M. C. A., both at home and abroad, was started at a meeting in New York of the National War Work Council of the Association. The first big drive to obtain contributions will be made November 11 to 19, which has been designated as National Campaign Week. National, departmental and State campaign committees will be named to assist in the work.

This sum is needed, an announcement from the council said, to cover the work in 394 buildings and 116 tents maintained for the soldiers and sailors in camps, cantonments and naval stations in the United States; for the rapidly growing work in France and England among the American expeditionary troops, and for the association work of the armies in France, Russia and Italy now called by the military leaders of those nations.

ANOTHER PARISIAN IN FLORIDA ARMY.

Paris friends have received copies of the Miami, Florida, Herald, containing a write-up of the Florida troops for the cantonment at Macon, Ga. The Herald pays a tribute to a former Paris boy, Julius Wiggington, who is Captain of Company M., Second Florida Infantry, who has seen service in the Philippines and on the Mexican border. The Herald's sketch of Capt. Wiggington shows his excellent military record and commends him for his activity with the Florida National Guard.

Captain Wiggington is a son of the late John T. Wiggington, who was a resident of Paris in the seventies, and who was a remarkably gifted vocalist and musician.

ANOTHER PARIS SINGER BECOMES POPULAR.

Mrs. W. M. Talbott made a very fine impression on the people at Campbellsville State Convention of the Disciples of Christ. Mrs. Talbott sang several solos which were well rendered. The people were continually asking for her to appear on the program. Mrs. Talbott has a very fine quality of voice and she always is ready to use it for the good of any righteous cause. The Paris folks are glad they have such talent.

OFFICIALS SELECTED FOR DEMOCRATIC STATE CAMPAIGN.

Dr. T. R. Welch, of Nicholasville, has been selected as chairman of the Democratic State Campaign Committee, to conduct the fight this fall for the election of Charles H. Morris, the party nominee for Attorney General, and the candidates for State Senator and Representatives in the various districts. Senator Selden R. Glenn, of Eddyville, has been named campaign secretary.

Dr. Welch, the State Campaign Chairman, is the party nominee for Representative in Jessamine county, and is a close personal and political friend of Gov. A. O. Stanley. Senator Glenn is a hold-over member of the next Legislature and a strong administration supporter. Both are prominent in the party and well qualified to direct the party fight.

The campaign committee comprises Boyce Gregory, Mayfield, first appellate court district; E. H. Wood, Pageville, second district; D. H. Smith, Hodgenville, third district; E. J. McDermott, Louisville, fourth district; Thomas A. Combs, Lexington, fifth district; Clarence Wood, Maysville, sixth district; Dr. S. R. Collier, West Liberty, seventh district.

DR. BARROW RETURNS FROM THE EAST.

Dr. David Barrow, director of the Base Hospital Unit No. 40, returned yesterday from New York and Washington, after a short course of special training in war surgery, and final completion of the unit in all its branches is expected to follow within the next few days.

At the close of the examination one hundred and thirty-five men have been definitely chosen, enlisted and mustered into the service, leaving but about eighteen to choose for service, before the Hospital Corps of 153 men is complete. There are several applicants whose names have not been passed upon, and who will be left to Dr. Barrow for final decision. The medical corps and the nurses' corps are fully organized.

Dr. George Wilson, the enlisting officer, states that there is still opportunity for about ten good men, over eighteen years of age, and of strong physique, to get a place in the Hospital Corps.

MR. JEFFERS PROMOTED.

Deserved promotion has come to Mr. Harry Jeffers, of Paris, for many years in charge of the local office of the Kentucky Traction and Terminal Company at Fifth and High streets.

After years of faithful service in which he met fully all the requirements of the service, as a man and an official, and in which he earned the high esteem of business men, traveling men and all others patrons of the road, Mr. Jeffers has been advanced to the responsible position of general freight agent in the Lexington office of the Traction Company. He will be succeeded in the Paris office by Mr. J. E. Bonfield, of the Lexington office, who will hold the position until a permanent man is named as agent.

During his residence here Mr. Jeffers proved himself a man worthy of the confidence and esteem of all, and the company has shown the right spirit by sending him up higher.

We regret to lose Mr. Jeffers, as both official and resident, but are glad he has received deserved recognition. Our glad hand, "Jeff," and here's hoping you'll be president of the company some day!

TO DEDICATE NEW CHURCH.

The new Presbyterian church at Nicholasville, Ky., will be dedicated on next Sunday. The dedicatory sermon will be preached by the Rev. Dr. W. R. Laird, of Danville, Va. In the afternoon a Sunday School Institute will be held, conducted by Thomas B. Talbot, of Louisville, Superintendent of Home Missions and Sunday School Missionary of West Lexington Presbytery. The services will close Sunday night with a sermon by the Rev. Dr. W. A. Ganfield, President of Centre University, Danville. The new church at Nicholasville is completely equipped in every particular, and was built under the pastorate of the Rev. J. J. Rice, now pastor at Paris. The present pastor of the Nicholasville church is the Rev. J. A. Trostle.

DELIVERY OF LIBERTY BONDS TO BEGIN SEPT. 26.

The delivery of Liberty Bonds to subscribers will begin September 26. The number of bonds to be delivered is huge. The coupons number 8, 700,000 of which more than seven millions are of \$5,000 denominations. Secretary McAdoo suggests that subscribers hold their ad interim certificates already issued instead of exchanging them for definite bonds now because of the likelihood that Congress will authorize a bond issue at a higher rate which automatically will raise the rate of the previous issue.

DISTRICT BOARD SELECTING THIRD QUOTA FOR CAMP TAYLOR.

Advices were received here yesterday to the effect that the Third District Exemption Board, which is in session at Lexington, has begun the work of selecting the third quota of forty per cent. of the National army, which is to be ready to move to Camp Zachary Taylor at Louisville, on October 6, according to the announced program of Provost General Crowder.

Chairman Prichard has gone to his home in Ashland for a brief respite before getting into this exacting work this week, but a member of the Board stated to a Paris man that in view of the fact that the War Department has arranged for the mobilization of the third contingent the first week in October, no time is to be lost in selecting the men who are to compose the next forty per cent. and that the Board has already begun scanning the lists before them.

While no negroes have been taken yet on either of the quotas which have been sent to the Louisville cantonment, it is thought by members of the District Board that the next call will include them. The colored conscripts have been regularly certified, the same as the white men, but so far no provisions have been made by the War Department to enlist them in the service.

For the past few days the Board has been busy cleaning up a large number of exemption cases, and it was stated that this week they will be hard at work getting the third quota of forty per cent. ready.

WASHINGTON BARES AMAZING STORY OF GERMAN INTRIGUE.

The American Government's publicity spotlight revealing German intrigue in neutral lands was turned upon the expenditure of money by the Berlin Foreign Office in an effort to influence Congress on the eve of the ruthless submarine campaign which drove the United States to war.

Secretary Lansing made public without comment a message which Count von Bernstorff sent to Berlin last January asking authority to use fifty thousand dollars to influence Congress through an organization which the Foreign Office was reminded had performed similar service before.

Count von Bernstorff also suggested an official declaration in favor of Ireland because of its effect here.

The organization to be employed was not named. Mr. Lansing did not discuss its identity. It was freely suggested among officials that it was one of the societies which bombarded the Senate and House with telegrams when the President was asking for a declaration of war.

The disclosure adds another chapter to the amazing story begun with the publication of the famous Zimmerman note in which Germany proposed a Japanese-Mexican alliance against the United States, and which has included the Swedish breach of neutrality.

AUTO COLLIDES WITH BUGGY.

Of course Sunday was not to pass without the usual auto collisions to record.

Sunday afternoon an auto driven by Mr. Day, demonstrator for the Allen automobile, coming down Seventh street, collided at the corner of Seventh and Main with a horse and buggy, driven by Mr. Roscoe Carmichael. The buggy was damaged, and the horse out and severely bruised. Mr. Carmichael was thrown from the vehicle, but was unhurt. The horse was taken to the livery stable of Thos. G. Morris, where it was treated by a veterinarian. The auto was uninjured.

While Mr. Scott Woodford was coming to Paris in his machine, a Hudson Super-Six, on the Cynthiana pike Sunday night, the car failed to make the proper turn at the intersection of the Georgetown and Cynthiana pikes and skidded into a rock fence.

Mr. Woodford was thrown out by the shock, but not seriously injured. Three wheels of the machine were torn off and other damage done to it. Another machine was procured and the damaged car brought in on one wheel to the auto hospital.

OCTOBER ILLITERACY CAMPAIGN.

The teachers and citizens of Kentucky are to make a great drive against illiteracy during the month of October in an effort to teach twenty thousand during that time to read and write.

Sunday schools of the State have been asked to co-operate. Sunday, October 7th, has been designated as the day when all Sunday schools in the State will have a program devoted to the subject of illiteracy in Kentucky and how to eradicate it. Letters from moonlight pupils who are rejoiced over being able to read their Bible, will be read.

EDITORIAL MUSINGS.

That Larue Record.

The record made by Larue county in the matter of securing men for the army was nothing like so good as that of Marion county, and yet it has made a record probably unequal in all history—that not a single man called before the exemption board of the county was found physically deficient or wished to be exempted from service on any ground. The Courier-Journal, ordinarily accurate and conservative, published an article on its first page stating that Larue had made this remarkable record, and, quite naturally, newspapers throughout the length and breadth of the land commented on it. The article was wholly untrue, and just why the paper did not ascertain the correctness of the report about this "wonderful record" before using the story on its first page under a double-column head remains a mystery to many.

Larue county's quota is 66 men, and not 132 as published in the Courier-Journal's article. Instead of every man called before the board being physically fit and none claiming exemption, as stated in the article, it was necessary for the exemption board to call 332 men to secure the required 66 men. In Marion county the quota is 116 men and to secure these the local exemption board called but 394 men. Thus it may be seen that Marion county's record is far better than that of Larue. In fact, Larue's record is no better than the average county in the State and not so good as many of them.

The publicity that has been given Larue by the Courier-Journal is not the kind that helps or is desired, and the Hodgenville Herald thinks the county has been done a great injustice. Naturally the county wants praise where it is due, but it has no desire to sail under false colors and claim honors to which it is not entitled.

Liberty Bond Savings.

The habit of thrift has been so greatly encouraged in America by the Liberty Loan Bonds which appealed strongly to patriotism and at the same time furnished such a splendid opportunity for saving, that it is believed that an era of economy and saving has been well begun in this nation.

The American people are now thoroughly informed in the matter of Government bonds and it seems the

consensus of opinion of authorities on such matters that the next Liberty bond issue will sell more readily than the two billion dollar issue which has just been over-subscribed fifty per cent. Thrift joins with patriotism and humanity to make the next bond issue a success.

The opinion is also expressed that the savings banks deposits in this country will grow as this habit of thrift grows. The small purchasers of Liberty Loan Bonds did not pay for their bonds with money drawn from savings banks, but are now paying for them out of new savings, and the habit of thrift thus brought about will increase savings banks deposits.

This has been the experience of England. Great Britain has sold since the war began over ten billion dollars in war bonds to her citizens, yet the savings banks deposits in England and Wales alone increased sixty million dollars in 1916.

The first issue of Liberty Loan Bonds is not only as President Wilson says "America's endorsement of our entry into the war," it is evidence of our financial strength and our nation's solidarity and patriotism and also of American thrift.

Home From Ceylon.

A Kentuckian, who was for a time a dweller in the Island of Ceylon, talks entertainingly of his sojourn there, and relates many interesting experiences in that "Half-way House of the East." In spite of the many improvements made by the white man, it is not a favorable place for the rearing of children. The climate is not kind to them, their development is slow, and often arrested.

The little brown babies are merry and bright-eyed, however, and seem to be as happy as their little white brothers, but never quite so happy as when given a bit of palm sugar to suck. The natives, many of them, retain their old religious customs; and visit the temples of Buddha with zealous regularity, and often their penitential acts are laborious and painful. It is not an uncommon spectacle to see men, women and even children, rolling in the dust of the roads, or streets, to reach the Temple many miles away perhaps to seek forgiveness for some wrong-doing, and such sights cause no more interest or surprise there than a boy on a bicycle here or in other places of advanced civilization.

SOLDIER INSURANCE.

One of the uses to which it is proposed to devote part of the proceeds of Liberty Loan Bonds is to afford to our soldiers and sailors life and indemnity insurance and to provide for allowances to their dependent families while they are in the ranks. On this point Secretary McAdoo, of the Treasury, whose plan of insurance for our fighting men was endorsed by President Wilson and is now embodied in a law pending before Congress, says:

"Every soldier and sailor who serves his country in this war will earn everything the proposed war insurance bill provides; to be a beneficiary of the proposed law will be a badge of honor.

"When we draft a wage earner, we call not only him but the entire family to the flag; the sacrifice entailed is not divisible. The wife and children, the mother, the father, are all involved in the sacrifice—they directly bear the burden of defense. They suffer just as much as the soldier, but in a different way, and the nation must generously discharge as a proud privilege the duty of maintaining them until the soldier and sailors return from the war and resume the responsibility.

"We have drawn the sword to vindicate American's violated rights, to restore peace and justice, and to secure progress of civilization. We cannot permit our soldiers, while they hold the front, to be stabbed in the back by uncertainty as to what is being done for their loved ones at home. Our tomorrows are in their hands—theirs in our. The national conscience will not permit American soldiers and their dependents to go unprovided with everything that a just, generous and noble people can do to compensate them for the suffering and sacrifices they make to serve their country."

STANDARD WHEAT PRICE NOT TO APPLY TO SEED.

The standard price of \$2.20 a bushel for wheat will not be enforced for seed wheat. Edward M. Flish, of St. Louis, President of the Grain Corporation Association in a telegram to Commissioner of Agriculture Cohen, stated that the government will not interfere with private agreements unless extortion is apparent. Cohen has been asked by Kentucky farmers to get a statement of the standard price for seed wheat. They have been asked \$2.50 a bushel.

AMERICANS URGED TO DEEPER SENSE OF RESPONSIBILITY.

Vice President Marshall, speaking in New York at a golden jubilee celebration of Scottish Rite Masons, urged a deeper sense of American obligation in the war. He declared he wanted the war to end, but not to end until the people of every land possessed the right to make peace or declare war directly or through their chosen representatives.

Young Foreign Minister of New Russian Cabinet

As Russia wrangled with grave internal political problems which have been manifold since the revolution, the responsibilities of the Kerensky government have become more and more burdensome. Standing next to the Premier is a young man, who, with his chief, has been guiding the destinies of the country against great odds. This young man is M. I. Terestchenko, the Foreign Minister. The accompanying picture is the only one of him that has come to the United States. He is the man who has been moulding Russian foreign policy.

FEW WOMEN OF TO-DAY WORK BLINDLY.

Used to be that daughters adhered strictly to mothers' methods of home management. They used certain baking receipts simply because they were favorites of a former generation.

Times have changed radically. Colleges and clubs have been established for the express purpose of determining just which baking methods and baking materials are best. Many domestic scientists devote their lives to research and experimental work. They conduct exhaustive comparative tests. They accept and endorse only such methods and baking processes as have been found superior through scientific measurement of merit. These decisions are given wide publicity. The result is that the housewife of to-day produces more wholesome and perfect bakings at less cost than ever before.

In investigating the decisions handed down by pure food specialists and eminent domestic scientists, it is plainly evident that the overwhelming majority employ and advocate the use of Calumet Baking Powder. Calumet has won this popularity among experts on merit alone. They show no partiality. To obtain their approval a product must possess superiority. Calumet has been granted that approval for several reasons—first because it is absolutely sure in results, never fails, and next because it is perfectly pure, leaves no trace of harmful residue in foods. Then—because it produces a better grade of bakings—cakes, biscuits, etc., that are remarkably light, tender and tasty. Finally—because Calumet's surety and moderate price it is the most economical of all Baking Powders in cost and use.

This verdict—this hearty endorsement coming from experts who have proved Calumet's excellence beyond dispute certainly indicates that Calumet gives the housewife the utmost in Baking Powder value.

16 CORRESPONDENTS WITH TROOPS WILL BE ALL.

In denying a request by Representative Gallivan, of Massachusetts, that representatives of local papers be permitted to accompany various State units of troops to France, Secretary Baker said that aside from military reasons, to increase the number of correspondents with them would do more harm than good from a news standpoint, by reducing the amount of news each writer could send by cable. The sixteen correspondents now in France, he explained, are utilizing all cable facilities. The best news from the soldiers, the Secretary said, will come in letters to their friends and arrangements are being made for facilitating the transmission of such letters.

WHAT 'KAHKI' MEANS.

Several inquiries have been made of THE NEWS as to the meaning and origin of the name "Kahki," as applied to the material used in the clothing which our soldier boys will wear when they are in the Federal service.

Here is the answer: The word is of East India or Hindu origin and means "dusty" or "dust colored," according to War Department officials. There is a Persian word "khaki" also which has the same meaning. The word is applied to any of the cloth of a solid green-gray or drab color that does not attract attention by its brightness or show dirt.

Don't worry over a mistake that can be corrected, but go to work and correct it.

The Proof That Paris Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Geo. McCandles, Second street, Paris, says: "My kidneys were inactive and I had backaches. Doan's Kidney Pills put a stop to all the trouble. They gave me complete relief." (Statement given January 17, 1912.)

NO TROUBLE SINCE.

Over four years later, or on November 9, 1916, Mr. McCandles added: "I have not had any need of a kidney remedy since I last endorsed Doan's Kidney Pills. I consider myself permanently cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McCandles has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

Phon d'Amour

The Phonograph with the Soul of the Violin

Make this test

Take any record—take every record—and try them all on Phon d'Amour.

Take your old favorites in song or ballad, opera or dance—take some piece for violin, some noble orchestration or band music.

Try them on Phon d'Amour, the new Phonograph which the genius of that master instrument-maker (whom musicians have named "The Doctor of Violins.") Mr. Bernhard Fritsch, has given to the world.

Let your ear decide

Here is a full, true tone which enters a perfectly turned tone-arm from diaphragm made of violin wood, emptying into a two-chambered amplifier constructed of the same sweetening, mellowing wood; and issuing to strike the ear in a rounded resonance never clipped or flatted.

READY FOR HER.

(Answer.)

Late in the afternoon Sarah, the maid, sought her mistress, with a little packet in her hand and a frown on her face.

"The lady next door, mum," she began, with a sniff of contempt, "'as returned us cheaper butter than what we leant 'er."

The mistress did not even look up from her book as she replied:

"That's all right, Sarah! Just keep it in the larder, and give it back to her when she wants to borrow some more."

250 TONS OF ALMONDS BRING \$70,000.

(Sacramento Bee.)

The Durham Almond Growers' Association has sold its entire crop, estimated at 250 tons of nuts. About \$70,000 is said to be involved in the transaction, although the exact price has not been given out. The sales were made in carload lots to widely separated parts of the United States.

EXPOSE OF GERMAN INTRIGUE MADE BY LANSING.

WASHINGTON, Sept. 24.—Secretary Lansing Friday made public, as an astounding addition to the series of disclosures covering German intrigues in America and elsewhere, a message sent by Count Von Bernstorff, former ambassador of Germany, in January, of this year, to the Berlin foreign office, requesting authority to pay out \$50,000 to influence Congress through an unnamed organization, apparently known to the Berlin authorities. Count Von Bernstorff indicated in his message that money had been paid this organization on former occasions to perform the same work. The text of the message, made public without comment, follows:

"I request authority to pay out up to \$50,000 (fifty thousand dollars) in order, as on former occasions, to influence Congress, through the organization you know of, which can perhaps prevent war. I am beginning in the meantime to act accordingly. In the above circumstances a public official German declaration in favor of Ireland is highly desirable, in order to gain the support of Irish influence here."

The text of the message is given out, without comment, in the same manner as were the messages of Count Luxburg, German minister to Argentina, which have disrupted relations between Argentina and Germany, and the letter of German Minister Von Eckhardt in Mexico City, recently made public.

It is believed that the State department knows the name of the "organization" through which the German government operated in its attempts to influence Congress. It has been suggested that the "organization" possibly was one of the so-called peace societies active at that time.

The extraordinary disclosures already made have caused the belief that agents of the United States Government have collected and compiled the entire story of German duplicity and intrigue and that additional chapters will be added.

GREAT FAITH IN CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY

"Chamberlain's Colic and Diarrhoea Remedy was used by my father about a year ago when he had diarrhoea. It relieved him immediately and by taking three doses he was absolutely cured. He has great faith in this remedy," writes Mrs. W. H. Williams, Stanley, N. Y.

THE OCTOBER WOMAN'S HOME COMPANION.

Articles and fiction which stimulate and entertain are part of the October Woman's Home Companion. "American Children," by Agnes Repplier; "The Women Go To War," by Ida M. Tarbell; "Uncle Sam's Camp Meeting" and "Cutting the Coal Bill" are only a few of the useful articles.

The fiction includes the first installment of a new serial entitled "Flaming Knight," by Grace S. Richmond; and stories by Peter Clark Macfarlane, Sophia Kerr, Walter A. Dyre, and Laura Miller. The regular departments for younger readers, the cooking, picture and fashion sections are all up to the usual standard, making a well rounded number.

CLIP THIS AND PIN ON WIFE'S DRESSER.

Ouch ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called Freezone when applied to a tender, aching corn or hardened callous dries up and lifts right off without pain.

He says Freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of Freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callous from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have Freezone tell him to order a small bottle for you. (adv)

FOR YOUR SCRAP BOOK.

THE HEART.

It isn't the money you make, It isn't the work that you do, You can prosper and still be a fake, You can lie, and be brilliant, too, And vain are the glory and fame That shall come from a conquering fight, None shall joyfully mention your name

If your heart isn't right.

For the final result of a life Isn't what did it do that was great, Not, was it supreme in its strife? Did it master the demon of fate But what did it do that was kind? Was it fair, although armored by might? Did it leave gentle memories behind? Was the soul of it right?

Men are praised not so much for their skill

As they are for the good that they do;

Fame and glory a life will not fill, For man's wonderful conquests are few.

And the money you make and the fame

Will vanish with you in the night, And few will remember your name

If your heart isn't right.

RED CROSS SEAL SALE TO BE VIGOROUS.

The sale of Red Cross Seals will open November 20th this year when a campaign to raise \$3,000,000 for the anti-tuberculosis movement in the United States will be launched. Four hundred millions of seals have been printed and 100,000,000 more are being prepared. They are very attractive this year and it is expected that they will be more popular than ever, as the money is to provide facilities for the care of the thousands of cases of tuberculosis that the examination of the 10,000,000 men subject to draft will disclose, as well as to educate the general public and the consumptives themselves relative to the danger of the spread of the disease. The funds will be administered through the State and local anti-tuberculosis associations, in co-operation with the military department of the National Association for the Study and Prevention of Tuberculosis, which also plans to raise a special war fund in each State to care for the immediate wants of discharged recruits and soldiers. The machinery for handling the sale of the red crosses is more complete than ever this year with the aid of the 1,500 anti-tuberculosis agencies, including State and local, there is every reason to believe that more than the contemplated \$3,000,000 will be raised. The State Tuberculosis Board will render vigorous assistance and insists that we shall profit by the fatal mistake of France and others of the allies and rigidly exclude from the army every man who shows tubercular tendencies.

BOUND TO ROAST HIM.

Sometimes Weatherby and his wife enjoyed the evening together without a ripple. Other times they would spat a little. She had been cross on one occasion, and he was inclined to be peaceable that evening, so, after reading a short time, he remarked pleasantly: "I see they have more proof that we all sprang from monkeys." "Well," said she, crustily, "don't you worry, John Henry Weatherby! You didn't spring very far."

A NEW SERVICE FOR OUR READERS.

THE NEWS has just installed a Prestoplate machine, with which we will be enabled to furnish our readers each week with first-class news pictures from photos made by the famous Underwood & Underwood studios. These pictures are made from mats furnished from a central office in New York, and are entirely different from the ordinary "boiler plate" or stereotype illustrations commonly seen in the papers.

These news pictures tell in their own way of important world events in the day's news, and are of great value as setting before the reader in a pictorial way some news events he may have read of just a short time previously.

These mats will be received fresh from headquarters each week, and our readers are to be congratulated upon having an opportunity thus afforded them of getting this first-class service, in addition to the many other good things THE NEWS presents each week.

MAYSVILLE MAYOR TO FIGHT VERDICT OF JURY.

Evidently determined to fight the traffic law case to the very end and being dissatisfied with the verdict reached by a jury in Police Court a few days ago, Mayor J. Wesley Lee, of Maysville, has retained Attorney Frank P. O'Donnell in the case. The attorney filed in the Police Court, Friday, motion and grounds for a new trial.

The jury gave the Mayor the lowest possible fine under the law and up to this time the Mayor has been acting as his own attorney.

In the petition for a new trial he sets forth nine reasons for the retrial of the case.

TO THE MERCHANTS OF PARIS.

The Secretary of the Treasury has instructed us to begin the Second Liberty Loan Campaign on October 1, 1917. As much as \$2,000,000 will be required. This looks impossible, but it is not. Bourbon subscribed a large sum in the first campaign and no one has cause to regret his subscription.

To be successful we must have all the advertising space possible. We are asking you one and all to give space in your show windows to one or more posters. These posters will be distributed to you within a few days. Please give them as much and as prominent space as you possibly can. You will lose nothing by helping your country when it is in distress and when it needs your help badly.

There are hundreds of thousands of boys, dear to all of us, now preparing to give their lives in behalf of our country. Surely you will not hesitate to give freely your window space.

MAYSVILLE PUTS "BLUE LAWS" IN FORCE.

For the first time Maysville experienced results of "Blue Laws" Sunday. Every place of business, except restaurants, was closed. It was not possible to obtain ice cream, cigars or soda water in the city. Even ice wagons refused to make deliveries. Enforcement of the "Blue Laws" was due to agitation of the last grand jury, who advised Commonwealth's Attorney Grannis to enforce them. It is quite possible that on next Sunday no newspapers will be sold on the streets; as agents are fearful of being indicted.

"JACK TAR" AT HOME FOR VISIT TO RELATIVES.

STATE CONVENTION U. D. C. ELECTS OFFICERS.

Mrs. W. J. Stone, of Frankfort, was chosen as one of the State officers of the Kentucky Division, Daughters of the Confederacy at the annual meeting, which concluded its sessions in Danville, Friday. Mrs. Stone, who held the office of auditor last year, was elected recording secretary this year. The other officers elected were: Mrs. James B. Camp, of Louisville, president; Mrs. Frank Gentry, of Lexington, first vice-president; Mrs. George Spillman, of Danville, second vice-president; Mrs. Edmonia Roberts, of Bardonia, third vice-president; Mrs. Charles Jenkins, of Louisville, corresponding secretary; Mrs. L. M. Given, of Cynthia, treasurer; Miss Ruth Jones, of Mayfield, registrar; Mrs. Maltby, of Maysville, chaplain; Mrs. Charles Hardin, of Harrodsburg, assistant chaplain; Mrs. Sadie McCormick, of Winchester, auditor.

SOME BIG FISH.

One of the finest catches of the season was made Tuesday afternoon, when Mr. Harry Hill, of the Louisville & Nashville, landed a big-mouth bass while fishing in Stoner Creek, near Spears Mill.

The bass weighed five and one-half pounds when placed on the scales at the store of Lavin & Connel, and had undoubtedly lost a few ounces while being brought to Paris. Mr. Hill was accompanied by his father-in-law, Mr. Harvey Hilber, and the two fishermen had an afternoon of rare sport. There were moments of great anxiety on the part of both as the big fish was being played for a landing, and several times it seemed as if the coveted prize would win the struggle, but finally skill told against the fish, which, after a game battle lasting nearly thirty minutes, was safely landed. The fish was one of the finest specimens of the finny tribe ever seen here and was admired by many envious anglers.

WOMAN'S CLUBS TO OPEN FALL SESSIONS.

The Women's Clubs of Paris and Central Kentucky will open their meetings for the club year on the afternoon of the sixth of October.

The program will consist of the announcement of the plans for the year's programs by the chairmen of the departments. These outlines will be given in full, as, for economical reasons, it is probable that none of the clubs will have year books printed. All the subjects for the year will pertain to the war and the calendar promises to be unusually interesting.

After the formal session of the clubs on the first Sunday afternoon in October the usual reception will be held, and the members will have a reunion after the summer vacation. Each member is to be asked to bring a book from her collection to be sent by the club to the soldiers' library.

FEDERAL CIRCUIT COURT CONVENES AT FRANKFORT.

The fall term of the Federal Court convened at Frankfort yesterday for the consideration of a large docket. Messrs. Dan Isgrigg and John Johnson, of Paris, are on the grand jury, while Albert Mitchell, Jos. H. Ewalt, Thomas Maher, Lawrence Horton and B. B. Marsh are members of the petit jury.

MATRIMONIAL.

McNAMARA—MORAN.

The marriage of Miss Willie McNamara, daughter of Mr. and Mrs. James McNamara, of this city, and Mr. John N. Moran, also of this city, took place in Lexington last Thursday, where both were visiting during the races. The bride is an attractive young woman, who has been a member of the Cumberland Telephone Co.'s local operating force. Mr. Moran is a son of Mr. Thomas Moran, formerly of Paris, and a brother of Mrs. James E. Craven, and Mr. James Moran, of this city. Mr. and Mrs. Moran will make their home in Paris.

THOMPSON—GRANT.

The marriage of Miss Frankie Allison Thompson, one of Georgetown's fairest daughters, and Dr. Henry Grant, of Louisville, took place Saturday evening in the First Baptist church in Georgetown and was marked by its elegant simplicity. Mrs. Herndon Waller, of Paris, was the dame of honor. The bride is a girl of many accomplishments, and is a graduate of Georgetown College. Among the guests from Paris who attended the wedding were Mrs. John Clay, Mrs. J. Harry Clay, Miss Frances Clay, Messrs. John and Turney Clay, Mrs. Gano Hildreth, Mr. and Mrs. Walter Payne, Misses May and Lucy Colville, Mrs. Thompson H. Tarr, Mrs. Lizzie D. Clay, Mrs. Birdie Clay Webb, Misses Susie and Annie Clay, Mrs. R. J. Neely, Miss Mary Adams Talbot and Miss Lizzie Grimes.

After a short bridal trip Mr. and Mrs. Grant will be at home at the Courtland, in Louisville, until Dr. Grant answers his country's call and joins Dr. David Barrow's Base Hospital Unit.

BEITZ—SPRAGUE.

Dr. George F. Sprague, of Lexington, and Miss Susanne Beitz, of Paris, secured a marriage license yesterday from County Clerk Pearce Paton, and were married in Lexington later in the afternoon. After the ceremony Dr. and Mrs. Sprague left for a trip to Washington City, and other points of interest in the East.

Dr. Sprague is a son of Dr. Geo. Sprague, director of the Sprague Sanitarium, in Lexington, and has been assisted with his father in the practice of his profession. He will take a special course of study in Washington City, and upon returning will locate in Lexington.

Mrs. Sprague has been a resident of Paris for several years, having been a business associate of Mrs. Mary A. Paton. She attended State University at Lexington last year. She is a highly accomplished and attractive young woman of amiable disposition and pleasing personality. Dr. and Mrs. Sprague will take with them the hearty good wishes of scores of warm friends in Paris.

BAILEY—FITHIAN.

A message to his parents, Mr. and Mrs. Chas. Fithian, from Mr. Edward Fithian, Friday, told of his marriage there to Miss Margaret Bailey, of Louisville. Mr. and Mrs. Fithian will arrive here to-day en route East on their wedding tour.

The bride is an accomplished young woman, the daughter of Mr. and Mrs. R. Owen Bailey, of Louisville, who has been a frequent visitor in Paris, as a guest at the home of Mr. and Mrs. Swift Champe. She is an accomplished musician, and a woman of many graces of character.

The groom is a son of Mr. and Mrs. Charles N. Fithian, of Paris. He is a graduate of the Millersburg Military Institute. He has for several years been in business in Huntington, W. Va., but returning to Paris, took a traveling position with a large wholesale jewelry concern of Cleveland, Ohio. He is at present identified with a large brokerage concern in Louisville. Mr. Fithian is a young man of integrity and splendid business qualifications, and well worthy of the fair bride who now wears his name. THE NEWS extends heartiest congratulations.

SULLIVAN—THORNTON.

The marriage of Miss Mary Sullivan, daughter of Mr. and Mrs. Jere P. Sullivan, formerly of Centerville, to Mrs. Roger Thomas Thornton, of Buffalo, New York, will be solemnized to-morrow morning at nine o'clock at St. Peter's Catholic Church, in Lexington, Rev. Father Wagoner officiating.

Mr. Cornelius Thornton will be best man and Miss Ella Sullivan, maid of honor. The bridesmaids will be Misses Mary Brannon, Margaret McCarthy, Nellie Healey, Marie Furey. The ushers will be Messrs. Edgar Johnson, of Buffalo, New York, Cecil Harp, Edward Thornton and Frank McCarthy.

A large number of friends and relatives from Paris and Bourbon county will attend the wedding. After the ceremony the bridal pair will leave for a bridal trip, returning to Buffalo to make their home.

The following invitations have been sent out to friends and relatives in this city and county:

"Mr. and Mrs. Jere P. Sullivan request the honor of your presence at the marriage of their daughter, Mary Margaret, to Mr. Roger Thomas Thornton, on Wednesday, September twenty-sixth, nineteen hundred

and seventeen, at nine o'clock, Saint Paul's Church, Lexington, Kentucky."

STOCK, CROP, ETC.

Turney Bros. and Lew Taylor sold Saturday 60 fine yearling mules to Newt. Rankin, at a fancy price.

Mr. J. Hal Woodford sold Saturday to H. S. Caywood 60 head of 1545-lb. cattle at 12 cents net. Mr. Caywood bought this bunch for Swift & Co.

Business in the stock market has been on the upward grade lately. Several large transactions have taken place among local dealers, involving large sums. Caywood & McClintock sold to A. B. Hancock 31 feeders at nine cents; 28 to Buckner Woodford at nine cents; 30 to John Woodford at nine cents; 30 to Tom Buckner at 8 1/2 cents; H. S. Caywood shipped seventeen cars of cattle from Richmond and eleven cars from Paris to Swift & Co., at Chicago, which he bought at 12 cents per pound; J. D. Booth bought 5 head of 500-lb. feeding cattle from Wm. Oliver, of Montgomery county, at \$6.40 per hundred; Richard H. Willis bought from Mt. Sterling parties eight broke mules at prices from \$140 to \$200, one general purpose horse for \$125, fourteen head of mules from Fleming county parties at \$150 to \$200 each.

HOME OF GOOD CLOTHES FOR YOUNG MEN

WE ARE SURE you can find just the kind of a suit you want right here in our shop. We've spent every effort in getting the styles young men like to wear, and all you have to do is come in and say "Latest Clothes" and you will be shown strictly the season's latest.

We can show you single or double breasted military sport suits with the belt all around to button or buckle—just as you wish.

The belted and pinch backs are also shown, and to men who want conservative styles we have the right model for you.

Many new all-wool fabrics and many new color effects are found in browns, greys, fancy mixtures and plain blues and greens.

We'd like to show them even if you are just "looking around." Excellent values to suit every purse—

\$12.50 to \$30.00

This is To Everybody

The one aim of this store is satisfied customers, because that means steady customers. If you're satisfied you don't care to take chances elsewhere—a satisfied customer is our best advertisement. In this store we give more special attention to details, quality in merchandise and value in price than most stores. And, of course, we want to make sure "You Are Satisfied." That's why we say "Satisfaction Guaranteed."

VOLLEY BALL GAMES.

The first of a series of volley ball games between teams composed of business men and professional men was played at the Y. M. C. A. gymnasium, but THE NEWS went to press too early to learn the result. Other games will be played as the season progresses.

The teams are about evenly matched. The line-up is as follows: Business Men—Bryan, Henry, Meglone and Smith. Professional Men—Mathews, Cline, Proctor and White. The games will be called at 7:15 p. m. No admission will be charged.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Mr. Harry Jones spent Sunday and Monday in Ashland, as guest of friends.

—Mr. and Mrs. Harry Simon left Sunday for a few days visit to relatives in Cincinnati.

—Mr. John L. Day has returned from a visit to his sister, Mrs. W. A. Shumate, in Carter county.

—Mr. and Mrs. Albert Evans, of near Paris, have returned from a visit to relatives in West Virginia.

—Miss Edna Huffman returned to her home in Covington, Sunday, after a two-weeks' visit to friends and relatives in Paris.

—Miss Winnie Williams has been quite ill for the past week, but was reported as improving yesterday.

—Mr. Dan W. Peed returned Sunday from Greenville, North Carolina, where he had been studying the tobacco markets.

—Mr. and Mrs. Edward Fithian will arrive to-day from Cincinnati for a visit to Mr. Fithian's parents, Mr. and Mrs. Charles N. Fithian.

—Mr. Noah Spears left for Akron, Ohio, Sunday night, after a two-weeks' visit to his mother, Mrs. Henry Spears, and his sister, Mrs. Eddie Spears Hinton, on Mt. Airy.

—Mrs. Kirby Muir has returned to Lexington after a three-weeks' visit to her sister, Mrs. Newton Taylor, near Paris, and has taken a position at the Woman's Exchange in that city.

—Mr. and Mrs. Joseph M. Hall, of Paris, will have a box and entertain friends at the fall trotting meeting in Lexington. Mr. Hall is one of the most enthusiastic admirers of the trotting horse in the State.

—Mrs. Lewis T. Lilliston underwent an operation at Massie Hospital Sunday afternoon for gall stones. The operation was a successful one, and the patient is recovering nicely from the effects.

—Among the Bourbon county people who attended the State Convention of the Christian church at Campbellsville, were Rev. and Mrs. W. A. Wolf, Everett Hopkins and Mr. and Mrs. D. W. Estill, of Little Rock.

GOOD ATTRACTIONS.

Two good attractions last week pleased patrons of the Grand, who hope more are coming. On Monday night Richard Buhler, the star of "Ben Hur," delighted a large audience with his presentation of "Believe Me, Xantippe," a comedy-drama.

On Thursday night the "Smarter Set" played to a crowded house in a program of great excellence. Had it been left to a vote of the audience as to a choice between playing return dates "The Smarter Set" would have outvoted "Believe Me, Xantippe" by a handsome majority.

EXPERIENCE IS THE BEST
TEACHER

It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take.

Chicago "White Sox," Pennant Winners in American League

While the New York Giants are nearing the finish in the great pennant race in the National League, the Chicago "White Sox" are ready to breast the tape in the American League race, which has been just as keenly fought. The triumphant group is shown here in a new and exclusive picture taken at the home grounds in Chicago.

The players are: Top row, from left to right: Wolfgang, E. Collins, Cicotte, Benz, Hasbrook, Murphy, Wearer, Gleason, Gandil, Lynn.

Middle row: Schalk, Russell, J. Collins, Jourdan, Felsch, Rowland, Manager; McMillin, Byrne, Danforth, Williams, Jenkins. Bottom row: Leibold, Jackson, Risberg.

EAT BIG MEALS! NO
SOUR, ACID STOMACH,
INDIGESTION OR GAS

"Pape's Diapepsin" is Quickest, Surest Stomach Relief Known. Try It!

Time it! Pape's Diapepsin will sweeten a sour, gassy or out-of-order stomach within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is usually a sign of acidity of the stomach.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin helps to neutralize the excessive acid in the stomach which is causing the food fermentation and preventing proper digestion.

Relief in five minutes is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to usually keep the entire family free from stomach acidity and its symptoms of indigestion, dyspepsia, sourness, gases, heartburn and headache, for many months. It belongs in your home. (adv)

A NEW MINING LABORATORY.

The Bureau of Mines has decided to establish at Minneapolis a laboratory for experiments in the treatment of low-grade iron ores. This move on the part of the government is due to the fact that the high-grade ores of the Lake Superior District are being rapidly exhausted. Experts say that they will not last thirty years. In another half century most of our iron will be made out of ores that are not now considered worth digging.

HAS A HIGH OPINION OF CHAMBERLAIN'S TABLETS.

"I have a high opinion of Chamberlain's Tablets for biliousness and as a laxative," writes Mrs. C. A. Barnes, Charleston, Ill. "I have never found anything so mild and pleasant to use. My brother has also used these tablets with satisfactory results."

SURVIVORS OF SUBMARINE AT-
TACK ENLIST IN NAVY

Herman L. Dupree, twenty years of age, from Birmingham, Ala., walked aboard the U. S. S. Recruit in Union Square at five o'clock Tuesday afternoon and said he wanted to enlist in the United States Navy. While he was being examined by Surgeon J. J. Kaveney he casually remarked that he had the experience of submarine gun fire during the past summer. Dupree had shipped from Portland, Maine last June on the Norwegian tanker, "Kongsil," bound for Rotterdam. On the return trip in the third week of August, out four days, from the coast of Rotterdam at five-thirty in the morning three shots were sent across the bow of the tanker. Dupree said:

"I was on watch on the hurricane deck. The weather was clear and calm. No warning was given except the three shots. Twenty more were fired and in ten minutes we were sunk. The crew of 28 took to the three boats and immediately the submarine arose and came within fifty yards of us. This was the conversation the Captain of the submarine had with our skipper. It was all in English with no trace of German accent."

"How long have you had this ship?" said the submarine captain.

"A year and a half," answered our skipper.

"Where was she built?" he asked.

"Baltimore," was the reply.

"What kind of a crew have you?"

"Mixed. Danish, Swedes and Norwegians."

"Any Americans?"

"None."

According to Dupree the Captain of the tanker asked for a tow and he was told that an English cruiser would be along in the morning. The next day the cruiser came along, but paid no attention to the men, it being a rule of the British Admiralty not to pick up life boats. After floundering in the rough sea with no rations but a few biscuits and very little water the men finally landed at Nazareth, France.

Dupree has been three years at sea having shipped from Norfolk, Va. He was educated in the public schools at Birmingham. He was sent to the Training Station at Newport.

THE LUMBERMAN AND THE
SEWING MACHINE.

The Jessamine News prints the following item that is at once interesting and refreshing, as showing that all the activities in Red Cross sewing circles are not confined to the Red Cross workers:

"Mr. James L. Simpson, the lumberman and road builder, had added a new star to his banner. Sometime ago he suffered a broken foot while looking after his road building in Pulaski county. When the local Red Cross started their work for supplies for the army, Mr. Simpson donated his time to this worthy organization. He started a new role—from former bookkeeper and bank teller, lumberman and road contractor, his broken foot and confinement put him in a new and untold field—that of running a sewing machine. During his confinement he made one hundred and twenty-four sheets for army service and presented them to the local Red Cross. His great success in other businesses was truly manifested in the role of tailor, as in other lines. So efficient did he become in his new endeavor that he could actually thread the needle, and it was a comical and inspiring picture to see him resting his 'bum' foot on a stool and the good one on the 'treadle' of the machine."

TO PROTECT RIGHTS OF SOLDIERS AND SAILORS.

Legislation to protect the civil and property rights of soldiers, in effect a moratorium for the duration of the war in behalf of men who are serving on the firing line, has been introduced in Congress and the weight of Administration influence may be brought to bear to obtain its early enactment.

Young men who go courting should bear in mind that the prettiest flowers are not necessarily the most fragrant.

MOTHER! YOUR CHILD
IS CROSS, FEVERISH,
FROM CONSTIPATION.

If Tongue Is Coated, Breath Bad, Stomach Sour, Clean Liver and Bowels.

Give "California Syrup of Figs" at once—a teaspoonful to-day often saves a sick child to-morrow.

If your little one is out of sorts, half-sick, isn't resting, eating and acting naturally—look, mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

FOR YOUR SCRAP BOOK.

THE NEW STYLE PATRIOT.

Listen, my children, and you shall hear

Of a patriot's work in this present year

He didn't ride through the roads at night

To rouse the neighbors to arm and fight,

But he went to work with a spade and hoe

And he made ten bushels of 'taters grow.

He mopped the sweat from his beady brow,

As he trudged behind the hand-pow-er plow;

His hands got tough and his feet got sore

As he turned the stubborn furrows o'er

And his neighbors laughed and they called him slow,

But he made ten bushels of 'taters grow.

Oh, cheer the boy with the sword and gun,

Who has fought and bled when the war is done,

And cheer the Generals and Majors too,

And the sailors bold on the ocean blue

But cheer the man with his spade and hoe

For he made ten bushels of 'taters grow.

WATER POWER REPLACES OIL.

(Springfield, Mass., Republican.)

Occasionally somebody asks, "What will the country do when the coal deposits are exhausted?" A common answer is, "Use fuel oil."

But suppose the oil gives out; what then? A practical answer is afforded by the Chicago, Milwaukee and St. Paul Railroad, which "to meet the increasing cost of fuel oil," has begun to electrify the Puget Sound end of its line. In that part of the country the St. Paul road goes through great forests, where oil has been used because of the danger from sparks. But electricity is available, thanks to the water power of the region.

What is practicable in the State of Washington may prove practicable in this part of the country to some extent. There is a good deal of water power in New England running to waste, and while we have nothing to compare with the waterfalls of the Northwest, there may come a time when efficiency methods will set our abandoned mill sites to work again, to help out the railroad problem.

When a man has reached the point where he can see no good in this earth it is time for him to get off.

CALUMET BAKING POWDER

NEWS OF A BE-COMING UNIFORM

FALL FABRICS AND FANCIES.

NEW YORK, Sept. 25, 1917. Never has there been a time when the fashions have seemed so practical. The narrow skirts do away with any extravagant use of material, for the straight silhouette reigns supreme. Of course there is drapery, usually on the side, a little below the hip, but even this does not detract from the length of the line from shoulder to hem.

There is no excuse whatever for

The Food Conservation Dress Apron. any woman to dress unbecomingly. slowly but surely retreating toward One does not now hear the old complaint, "Oh, but the styles do not be-

Fighting in Relays, French Deliver Telling Blow in New Verdun Drive

Under scientific methods of warfare conceived by Gen. Petain, leader of the French forces about Verdun, the new offensive in this sector has been carried on with trifling casualties. Following the recent drive which carried the French well into the territory occupied by the Germans, several detachments were withdrawn and replaced by fresh troops. These regiments are shown here returning from the battle front with flags flying and the band "hitting up" a marching tune. They are leaving the inferno of the trenches to go to camps to recuperate for the next offensive. The drive of the French at Verdun during the past few weeks has been an innovation in trench fighting, the troops working in relays.

come me. What am I to do?" The styles do become me. What am I to do?" The styles do become us, each and every one, for there has never been a time when the individuality of women can be so clearly studied and expressed.

Just a Whisper or Two.

There is one big house here in New York that predicts we will all be wearing bustles by New Year's! They point out that the drapery is the back, and that pockets are being placed further back than they have been. The Chinese and Japanese style (kimono sleeve) is also being advanced very strongly.

Have you signed the Food Conservation Pledge? If not, do learn about it at once, for it is one of the ways the patriotic women can easily help her country. There is a fascinating dress apron which you can wear after you have signed it. The illustration here shows you just how very practical (and becoming) it really. This is the official uniform, and is being worn all over the country. The dress itself is made of blue chambray or plain blue gingham, with collar, cuffs and cap of white pique. It is extremely simple of construction, and is also very easy to get

the beach, the country club, and on the street in the big cities. Now that cool days are coming, the designers are reluctantly laying it on one side, to be taken out next spring, however. There are quaint silks and chiffon taffetas to take its place, with the gingham pattern carefully carried out. I saw a most attractive dress on the avenue the other day, of blue-and-white-check taffeta, with large hip pockets and a surprise waist.

Lavish Use of Fur

Fur promises to be used this year as much or more than it was last. All the windows are full of fall suits and coats with bands, huge collars, and even pockets and belts of fur. One extravagant dress had the skirt as far up as the hip, the collar and cuffs, made of seal, with the rest of the costume of, Georgette crepe!

The French Apron

Isn't it astonishing the way the charm of the apron, aside from its usefulness, has swept over the country? Of course, women are more interested in things that require an apron than they have been since our grandmother's day. There is something quaint about them, and they are playing a most important part in the wardrobe of the woman who keeps up with the times.

Here is an illustration of the new French apron. It is made on the lines of those aprons worn by the French Red Cross nurses, and is so simple an affair one wonders why we have not been wearing it for lo! these many years. Completely covering the skirt, there is a bib, which is held up with suspenders or is buttoned through to the dress beneath.

CATARRH CANNOT BE CURED

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

The Fetching French Apron

into. There is only one button necessary. The dress closes on either side, the right over the left, or the left over the right. The strap or belt is passed through a bound button-hole, around the figure, and is fastened on the opposite side. The big pockets are conveniently placed, and altogether it is a costume designed for the efficient woman.

The Vogue of Gingham Continued in Fall Fabrics

There never has been a material so popular as gingham! The history of the gingham craze, as it has been called, is very interesting. It was launched by American designers without the assent of Paris. Palm Beach first put its seal on it, and since then, women have eagerly demanded it. Paris took it up, and the gingham dress of 1917 was the smartest affair imaginable. Women who had long relegated it to the nursery and the house dress, wore it at

MILLERSBURG

—Miss Mary McDaniel, of the Cyn-
thiana Graded School, was at home
from Friday until Monday.

—Mrs. H. E. Pruitt returned Fri-
day, after a week's visit to her par-
ents, Mr. and Mrs. Bedell Chanslor,
at Stanford.

—Mrs. Elizabeth Powling, who un-
derwent a surgical operation recently
at the Jewish Hospital, in Cincinnati,
is in a critical condition.

—Elder and Mrs. C. O. Cossaboom
returned Friday from Campbellsville,
where they attended the annual State
convention of the Christian church.

—Mr. C. W. Corrington, who has
been confined to his home since his
return from Atlanta, was at his place
of business Thursday for the first
time.

—Mrs. J. T. McDaniel and daugh-
ter, Miss Mary, and Mr. Julian T.
Adair, were guests Saturday and
Sunday of Mr. and Mrs. Charles Car-
rington, in Irvine.

—Mr. Thos. Robertson, of Shelby-
ville, Mo., has been quite ill, threat-
ened with appendicitis at the home
of Mr. A. T. Maffett. He is improv-
ing nicely at this writing.

—Mr. T. E. Bowles and family
moved Wednesday to the property of
Mr. E. B. Taylor, on Eighth street,
recently vacated by Mr. G. W. John-
son and family, from their country
home.

—Rev. Goldsmith, pastor of the
Millersburg Baptist church, tendered
his resignation Sunday, and will go
to Paris, October 1, where he will
take the pastorate of the Baptist
church.

—A. S. Best Hardware Company
has taken the contract to install a
furnace in the Exchange Bank. Mr.
G. L. Hill has also taken the con-
tract to install one in the home of
Mr. R. L. Wilson.

—Mrs. James Price and little
daughter, of Clintonville, arrived
Thursday as the guest of her parents,
Mr. and Mrs. J. S. Clarke. Mr.
Price and son were guests of the
home on Sunday, all returning in the
evening.

—The boarding department of the
M. M. I. is full and Col. Best is turn-
ing down applications. Large im-
provements are to be made on the
property this fall. Another large fur-
nace will be installed, the large ve-
randas of the main building are to
be enclosed in glass so as to make
sun parlors for the cadets during the
winter season.

—Mrs. C. M. Best, of the M. M. I.,
was in Winchester, Saturday, to at-
tend the funeral of Sam W. Pursley,
whose son, John McCormick Pursley,
was formerly a student in the
M. M. I. Young Pursley was a fa-
vorite at the school with his fellow-
pupils, who, with Colonel and Mrs.

Best, sent a handsome floral offering
for his father's funeral.

—Mr. I. S. Forman, while returning
from Carlisle, Wednesday night,
came near meeting with a serious ac-
cident. The road was dark and his
horse plunged into a rock quarry
near the home of Mr. E. H. Kerr.
The animal attempted to jump a
wire fence and was entangled. One
leg was broken and the buggy over-
turned, Mr. Forman escaping with a
few slight bruises.

—Mr. Clemon Insko was stricken
with uraemic poisoning Thursday
about five p. m., while at work on a
barn with Mr. E. T. Sheeler, near
Centerville. Mr. Insko stopped work-
ing and sat down and when ap-
proached by Mr. Sheeler, he said he
had queer feelings about his head.
A few moments later he became
speechless. Mr. Sheeler brought him
home at once in his motor car, where
he was attended by Drs. Smith and
Calhoun. His condition is very
much the same at this writing, with
but little hopes of his recovery.

RELIGIOUS

—Next Thursday has been set
aside by the Baptist Woman's Mis-
sionary Union of Kentucky as a
special day of prayer for State Mis-
sions. The members of the union
have been asked to unite on that
day not only in prayer for the
work, but also in gifts to the cause.
Attention has been called to the
fact that the Baptists of Kentucky
are doing more than any other de-
nomination to advance the work of
State missions and that the denomi-
nation recently attained one of its
goals, which was to establish a Bap-
tist church in every county in the
State.

THE MAYSVILLE TOBACCO FAIR.

Thursday, Friday and Saturday,
November 22, 23 and 24, have been
selected as the days and the Liberty
Warehouse, as the place for the big
Maysville Tobacco Fair. Every en-
ergy of the Chamber of Commerce
will be bent towards making it a real
"go." A success is certain. As to
how big a success depends on the vim
and push put into the undertaking
by Maysville citizens.

DEATHS.

SHANNON.

—Miss Elizabeth Shannon, daugh-
ter of Mr. James Shannon, foreman
on the Louisville & Nashville rail-
road at Carlisle, died at her home
in that city Sunday, after a lingering
illness of typhoid fever. Her mother
and sister are now down with the
same disease. Miss Shannon was re-
lated to the Shannon family of this
county.

VEACH.

—Undertaker Geo. R. Davis re-
ceived a telegram from LaFayette,
Indiana, yesterday asking him to
meet the 10:15 Louisville & Nash-
ville train this morning and take
charge of the body of J. L. Veatch,
formerly of this county, who died
there Sunday. The telegram gave
no further particulars. The body
will be taken to North Middletown
for interment in the North Middle-
town cemetery.

HARNEY.

—Mrs. Sarah Elizabeth Harney,
aged seventy-three, wife of Willough-
by Harney, died at her home on the
Ruddles Mill pike, Friday night, of
dropsy. She is survived by her hus-
band, four grown sons and daugh-
ters.

Funeral services were held at the
residence Sunday afternoon at one
o'clock, conducted by Rev. Wm. J.
Harney, of Wilmore, and Rev. J. R.
Jones, of Cynthiana. The interment
took place in Battle Grove Ceme-
tery, in Cynthiana.

GUNSAULE.

—William Gunsauls died Thurs-
day night at his home near Jackson-
ville, of tuberculosis. He was born
in Bourbon county February 7, 1861.
He married in 1889 to Miss Sallie
David, who died eight years ago. He
is survived by four sons, Worthing-
ton, Larkin, Charles and William
Gunsauls, and two sisters, Mrs. T. E.
Worthington and Miss Emma Gun-
sauls. The funeral service and bur-
ial were held at the Jacksonville cem-
etery Friday at 10 o'clock, con-
ducted by the Rev. J. R. Jones. The
pall-bearers were George Tate, Thos.
Osborne, Joe Wigglesworth, Thomas
Sparks, Robert Worthington and
Dewey Kuster.

ARCHDEACON.

—Mr. Matt J. Archdeacon, aged
seventy-five, one of the best-known
business men of Carlisle, a former
member of the Carlisle City Council,
and a man who had been a leader in
many of the enterprises of the city,
died at his home there Sunday, from
the effects of an injury which he
sustained many years ago.

Mr. Archdeacon was born in Ire-
land, and came to America when a
young man, locating in Carlisle. He
was a wagonmaker by trade, and for
a long time conducted a buggy and
wagon making establishment in
that city. He is survived by his
widow and one brother, James Arch-
deacon, Sr., of Carlisle. Mr. Arch-
deacon was well and favorably
known in Paris. His nephew, Jas.
Archdeacon, at one time conducted a
harness establishment in Paris, in
the building which is now a part of
the Kentuckian-Citizen office, on
Bank Row.

BERRY.

—Mrs. Lizzie Withers Berry, wife
of Mr. Bailey D. Berry, died at her
home, 212 South Ashland avenue,
in Lexington, Friday night at 9:30
o'clock, death being due to a para-
lytic stroke she sustained some
days previous. The news of her
death was a great shock to her hun-
dreds of friends and acquaintances
in Paris, Cynthiana and Lexington.

Mrs. Berry was forty-seven years
old and before her marriage was
Miss Lizzie Withers, daughter of
Mr. and Mrs. James Withers, of Cyn-
thiana, who preceded her to the
grave several years ago. She was a
woman of charming personality and
possessed of those lovely graces of
womanly character which endeared
her to a large circle of friends. The
news of her death caused the deep-
est sorrow to all who knew and
loved her. She was a member of
the Central Christian church, in
Lexington, and was one of the most
active workers in its circles.

Besides her husband, Mr. Bailey
D. Berry, who is a prominent attor-
ney of Lexington, Mrs. Berry is sur-
vived by two sons, Mr. Bailey Daw-
son Berry, Jr., and Jack Berry, and
one daughter, Miss Kittie Withers
Berry. She also leaves one sister,
Mrs. Jos. W. Davis, of Paris, and
one brother, Mr. Rodney Withers, of
Cynthiana.

Funeral services were held at the
family residence in Lexington, Sun-
day morning at eleven o'clock, con-
ducted by her pastor, Rev. I. J.
Spencer. After the services the
funeral cortege left for Cynthiana,
her old home, where the interment
took place in Battle Grove Cemetery
at two o'clock Sunday afternoon.
The pall-bearers were A. H. Jewell,
John R. Jewell, Jos. W. Davis, J.
Withers Davis, John F. Davis and
Jos. Davis, Jr.

Anyway, the pace that kills al-
ways get in its work on the right
people.

Some people derive a lot of satis-
faction from making themselves mis-
erable.
